 ON THE DAY**

Come along to this one day conference to be resourced, equipped and encouraged. Join us on a journey as we think about why and how we teach the Bible to our children and how to creatively open the Word through drama, music, craft, sign language, actions, enrolment/all age services and many more ways. We will also look at Emergency Stories, looking at those times when you need to come up with a story quickly and with limited time when leader illness or unexpected absence hits your company night. We will also have a fully resourced bookstall on the day, which you can browse and buy resources on the day. You will certainly leave the conference with something to take back to your Anchor Boys!
